The Progressive Farmer Index, January 1 to June 30, 1916

A

Abortion. Contagious 663
Abruzzi rye. Coming winter cover and grazing crop 510
Wintering cattle on 650
Aberdeen-Angus Breeders' Association Sale 131, 303
Abbreviations in weights and measures 231
A brother to the ox 175
Absentee landlordism. The curse of 153
A case for strict construction 709
Acid phosphate and phosphate rock 72, 247, 392
and stable manure 752
..... 107
plenty lime in 464
mixing with cotton seed meal 355
Mixing with ground limestone unsafe 362
A creed for progressive farmers 697
Acreage and yield of cotton, 1915. Table 778
Acreage—Corn and cotton, 1914 and 1915. Table 753
Acres — More, and bigger yields per acre 531
Acres—not fewer, but higher yield per acre 799
Advantages of a checking account in bank 437
Advantages of club work 537
Advertise these things in your local paper 560
Advertising, grading and packing. Better 407
livestock. How to 782
Advertising. Vicious on the run 16
Advocating practical policies 295
Advice to a one-horse farmer 363
A. and M. Trustees, N. Car. Their responsibility and opportunities 444
A good way to throw away a dollar. "New Discovery!" 587
Agricultural Colleges. Presidents of 243
Agricultural Extension Departments. Directors of 243
meetings N. Car. A. and M. College 784
Agricultural Philosophy — Some 364
"Agricultural Salt." No use for any agricultural purpose 356
year book. Send for ..571, 727
Agriculture. Discrimination against 121
Ailments of children. Cause, treatment and prevention 228, 229, 231
Alfalfa. Was formerly called lucerne 588
When to cut 588
Alligator pear or Miami apple 800
All together now for progress in 1916 1
All - the - year grazing program 223
Always supplies home needs 115
Althaea 4
Alyssum. Sweet 4
Ammonia. Sulphate of ..315, 356
Amortization and rural credits 295
Analysis. Acid phosphate 355
Compare different grades lime by 39
Analysis. Animal excrements 217
Bone meal 140
Bur clover, crimson clover and vetch 752
Buy lime according to 139
Cottonseed feed meal 315
meal 315, 355
Cow manure 322
Cyanamid 315
Dried blood 315
Analyses. Feeds 3, 279
of fertilizer. Study them, not brands 590
Fertilizers 3
Fertilizer materials 216, 217
Fish scrap 315
Green cowpeas 322
Misleading 107
Nitrate of soda 315
Soils, not always safe guide 279
Soy bean meal and cottonseed meal for comparison 757
Soy bean meal 355
study—in buying cottonseed meal 107
Sulphate of ammonia 315
Tankage 315
Tobacco stems 172
And let his beauty be upon us 406
A New Year talk to farm boys 17
Animals. Are yours well fed and housed? 437
How many should be kept per farm? 221
sold. Seller must make good claims of weights ..699
Anti-Malaria work pays 762
Antirhiniums (snap-dragon) 4
Anthracnose of beans 752
or cotton boll rot 212, 662
Aphides, on chrysanthemums 644
Apple orchard. Peaches in ..700
Apple trees. Ashes as fertilizer 36
Controlling blight in 366
Leaf blister mite on 663
Apples—or pasture wanted ..724
Apple trees. Protect young 24
Pruning bearing trees 282
April jobs for progressive farmers 464
Appropriations for Shorthorns at fairs 368
Approximate capacity silos various sizes. Table 522
Area infected by boll weevil 312
Arcadia. How we made 396
Architect. Consult before building 406
Are you going to give your school teacher a square deal? 807
Arithmetic contest 527
Awards in 667
Arsenate of lead, substitute for Paris green 567
Ashes and bone meal. Unsafe to mix 464
and lime for potatoes 248
Hardwood for apple trees 36
in fertilizer 108
for sweet potatoes 280
Never mix with organic matter containing nitrogen 588
Potash in 108, 114, 248, 280
salt and manure. Bad combination 496
Ask candidates where they stand 511
Ask for any recipe you wish 786
Asparagus. Growing from seed 356, 724
from roots 724
growers in South Carolina form marketing ass'n 821
Making a bed 392
Association — A Community. Seed breeding 371
North Carolina Good Roads. Annual meeting ..603
Organize a marketing now 407
Live farmers co-operative in Tennessee 704
Asters (China) 4
Attorneys of public service corporations. Retained ..625
Automobile owners. Helps for 203
A visit to Lincoln County, North Carolina 539
A word to dad about the boy 793
Azaleas—Chinese—growing ..392

B

Baby's exercise 336
Baby. Milk for 523
New born. Treatment 523
Baby's sleep 154
Proper weight, height, etc. different ages 231
Baby week program 335
Bacilli defined 262
Bacteria defined 262, 466
Our invisible friends and foes. Relation to agriculture 466
Our friends 466
Some deadly enemies to man and beast 466
Bad breath in children 786
Baking powder biscuit 337
Balance the feed 84
Balancing a feed 35
a ration for general farm stock 279
a ration for laying hens ..94
Ballot. The short the thing 625, 734
Bank. Advantages of a checking account in 437
Bankers and the Rural Credit bill 751
Banking. Commercial. Government helped to start 121
Rural. Let Government help start 121
Banks. Organizing farmers' mutual savings 455
Wisdom of depositing funds in 120
Be a "Super Farmer" 704
Beans. Butter or lima. Success with 112, 172, 724
Snap or bunch 316, 724
Best varieties 316, 724
Bean. Mung. 36
Navy 356
cannot make commercial success of 776
Navy—Do not succeed in South 612
Let them alone 644
Velvet—failing 672
Beautiful. Cultivating love for the 735
Beauty talk. A 19, 88
that surrounds us. The 735
Beef Cattle. Dairying with 139
Feed cost of keeping 594
Feeding 71
Sales in South Carolina 566
Sheltering and cost of making gains 118
Beekeeping. Does it pay? ..27
Bees. Brood-rearing 327
Comb and bulk comb honey 617
Extracted honey 729
Give good winter quarters 44
Hives for 199
Honey, extracted 729
Honey, stored in combs ..729
Spring manipulation 327
Swarm control 469
Beetles or Bugs—on Potatoes 432
Diabrotica—on melons 724
Striped—on melons 464
Berry Crates 415
Bermuda, and nut grass 560
Killing 780
Bermuda grass seed—planting 587
Bermuda pasture. Still time to start 728
Berry. Himalaya 745
Beverage. A good cereal ..373
Beware of "Big Schemes" for co-operation 29
Big profits from scientific grading and marketing 261
Binder, Grain—pays 174
Handling a fine art 182
Bion Butler speaks for the "Houn' dog" 564
Birds—Gourds, cans, etc., to attract 299
Blackberry. Cut out canes after bearing 644
Black-Leaf 40; Insecticide ..567
Blackleg in cattle 442
Bitter weed in Southern pastures 643
Blackleg or Phoma wilt in cabbage 129
Black rot in cabbage 129
Blackstrap molasses and lespedeza hay for cattle 3
digestible nutrients in 3
Blevins, Ark., Community High School 818
Blight in apples and pears. Controlling 366
"Boll Rot." Cotton resistant to 662
Boll Weevil. Diversification overcoming it 591
Hand picking helps control 754
How far north will it do serious damage? 188
Preparation for 10
will be a factor this year 618
Winning against 591
Bone meal, analysis 140
and ashes. Unsafe to mix 464
Bone meal good fertilizer ..140
Books and bulletins. Get them now 283, 381
Fifty best for boys and girls 222
Library of farm 222
Bordeaux Mixture 215
Borers—Peach tree 172
Boundary line disputes 648
Box lye worthless as fertilizer 140, 251
(Red Devil), no fertilizer value 282
Boy. A word to dad about the 793
Boys' and Girls' Club work in Georgia 550
Poultry Clubs. Special prize for 639
Boys' Corn Clubs in Virginia. Heavy yields 420
Number reporting 420
Boys' Club work in Virginia 420
Peanut in Virginia 420
Pig in Virginia 422
Potato in Virginia 422
Boycott the usurers 445
Boy. Keeping on the farm ..635
Brains. Uses "Berry's Best Brand" 142
Breads, biscuits, etc. 19
Bread. Potatoes as a substitute for 125
Breeders' Association, Constitution and By-Laws ..622
Breeding up varieties of corn 346
Bribery. "Free Pass" again 655
Brickbats to keep off weevils. Might throw them 496
Bride. Clothes for a June ..711
Brooders and brooder rooms 26, 146
Brooder. Lantern 44
Brood Sow. Care of and effect on profit 346
Broom Corn as a cash crop 758
Broomsedge—Lespedeza with 464
in orchards 612
Buckwheat. For improving soil 700
Time to sow 4
Bugs in cowpeas 280
Bug under the chip 175
Bulbs. Hyacinth. Treatment of 724
Bulbs. Where to get 36
Bulletins and circulars offered free by North Carolina Extension Service 116
State Experiment. Get ..270
Bulletins you should have, 43, 283, 381, 542
Georgia State 270
on dairy and silo 542
farm leveling 43
farm tractor 708
North Car. station 270
silos 732
South Car. station. Get ..270
timber and forestry 708
tobacco 765
wild onions 560, 708
Bulletin on parcel post 251
Bungalow with stone columns 392
Bur Clover and Vetch. Fertilizing values. Analyses 751
Bur Clover. Harvesting seed 637
Burning fertilizer material 294
Burn off land. Don't this year 260
Burning woodland annually 172
Burroughs, John. Do you know? 654
Business farmer's library ..251
Business farming 407
Butter difficulties. How to overcome 518
Butter making profitable ..508
Buttermilk. How to make good 521
Butter. Silage means increased 497
We should make better ..518

C

Cabbage. Diseases of 72
and how to control 129
for early market 770
Lice on. Remedy 672
Worms on 72, 780
poisoning 780
Cactus—spineless 108
Cakes 19
Foundation recipes 337
Calcium compounds. Form to use 357
Calcium. Forms of. Analyses 317
Calendar for 1916 211
Calculating horse-power ..637
Calf. Better not allow to suck 139
Skim milk. Grain for 782
Raising a motherless ..723
Calving. Early and late. Effects on dairy heifers 48
Canada peas and oats 108
Candidates. Ask them where they stand 511
Get some good men for legislature 625
Cannas for the home grounds 411
Cannas. Growing 4, 411
Varieties of 411
Winter treatment 125
Canning at home. Girl who must earn her own living 598
Corn 736
meats and soups 685
Growing tomatoes for ..700
Tomatoes 747
Canning club work. State agents in charge 243
Cantaloupes. Growing, 108, 356, 746
Capacity. Approximate. Silos various sizes 522
Carbohydrates. Food elements in 52
Carbon-Disulphide. Will do no harm 724
Cardinal climber 4
Care of cream on the farm ..622
Care of the hair 88
Carmel (N. C.) Community and Rural Credits 120
Credit Union 194
Cash Crop. Soy beans as a ..751
Castor Oil. Giving to children 598
Cattle. Beef and dual purpose 220
Dairy 220
Cattle, Beef. Dairying with 139
Feed cost of keeping 594
Cattle, Beef. Feeding 71
Sheltering and cost of making gains 118
Blackstrap molasses and lespedeza hay for 3
Blackleg in 442
Can use maximum roughage 723
Color, markings and characteristics of 220
Dip to kill ticks 611
Cattle. How to dehorn 74, 442
Quick and easy way 325
Cattle. How to register 220
Industry in Mississippi. Great growth of 775
Cattlemen's Ass'n organized in West Florida 521
in Southern Louisiana 775
Cattle sale. Dairy—in North Carolina 303
Cattle tick. Quarantine raised in Florida, Georgia and S. Carolina 442
quarantine raised in Mississippi and Texas 442
Cattle. Wintering on Abruzzi rye 650
Caterpillars on pecans 36
Caustic potash to prevent horns 368
Cedar trees, cause rust in fruit 532
Cedar trees, hasten their growth 675
Celery. Good 432
Growing 532, 746
Spraying 108
Cement tile. Cost of 21
Cereal Beverage. A good ..373
Charcoal. Making wood 307
Cheese. Commercial exhibit at Salisbury, N. C., Livestock Fair 260
Cottage. How made 504
Cheese making growing industry, N. Car. 520
Chigger, or Red Bug, bites. What to do for them 735
Chickens have "big craw" ..808
Children. Bad breath in 786
Cholera (Hog). Factors in spread of 663
Chicks. Care of 147, 713
Cost of feed for 147
Lice on 713
Chickens. Beating boll weevil with 149
Chicken houses. Condition of 10
Chickens—Ten rules mean better 756
Child. Giving her her own possessions 813
Child study. Paper on 627
Children. Ailments of. Cure, treatment, prevention, 228, 229, 230, 231
Giving castor oil to 599
Keeping on the farm 337
Cholera. Hog. How to fight 368
Choosing a life partner 83
Choosing a husband 123, 125
Chrysanthemums 4
Aphides on 644
Churches. Consolidating 371
Churning difficult 247
Citrus trifoliata. Hardy orange, for hedge 730
Clean up, says Mrs. Jenkins 417
Clean up 776
Clerking—Girl who earns her own living 297
Climbers and creepers for home grounds 393
Climbing plants 432
Clods—Swat the 444
Clovers—And peas—A believer in 663
Growing 72
Bur—Harvesting seed 637
Bur reseeds itself 776
Crimson on sandy soil 612
Crimson—Saving seed 531
Crimson—Seed stripper. U. S. pattern 561
Crimson—Threshing seed ..637
Crimson—To precede cotton 775
Crimson—When to turn 672
Hop, or yellow 780
Pasturing 356
Plaster for 316
Plow under 752
Poor excuse for not growing 775
Red—Hard to keep in stack 752
Saving seed 468
Seed—Save all this spring ..557
Clover seed stripper 561
Bulletin on 282
Make now 282
Clover, sweet or melilotus ..560
Clubs—Girls' Canning. 4,000 enrolled in Georgia 550
Club Contests — Progressive Farmer 639
Special prize poultry work 639
Clubs—Join the clubs now, boys and girls 370
Members remaking Southern agriculture 537

T

Tables — Abstainers and drinkers. Mortality 596
Acres in corn and cotton. Southern states 1914-1915 753
Amount spent for schools by each state in proportion to $100 wealth 797
Area infested by boll weevil 1915 212
Average day's schooling. By states 797
Average values in U. S. and per state, corn, oats, hay 226
Average yield corn per acre (bushels), U. S. and Southern states 226
Capacity silos. Dimensions, acreage needed 522
Composition, nutritive value different kinds of silage per 100 pounds 508
Corn yields in Southern states 239
Corn yields per acre, Southern states. Average 1906-1915 753
Corn yields per acre, Southern States. Average 1915 753
Cost per acre to make cotton 212
Cost per pound to produce cotton 212
Cost tile drainage per acre 223
Cotton acreage and yield in 1915 778
Cotton crop U. S. 20 years 212
Cotton crop 1913--915 499
Cotton planting and picking dates 212
Cotton prices. Highest and lowest 212
Cotton spacing 476
Cotton spacing. Best space in drill 726
Cotton. Best width of rows 726
Cotton yield per acre 212
Cotton. Dates planting and picking 212
Digestible nutrients in 100 pounds feed materials 221
Draft of plows 238, 589
Estimated condition cotton crop May, 10 years 799
Farmers and tenant farmers, both races, in Southern states 237
Farm implements. Average service of 238
Five lot hog pasture 463
Food values. Every woman should study 228
Grazing crops for hogs 220
How many animals should be kept per farm 221
Housewife's weights and measures 231
Illiteracy. How your state ranks 237
Income tax dodging in North Carolina 189
Increase of time prices over cash prices Southern states 227
Increase in weight of internal organs due to feeds 84
Increase of livestock in South 261
Increase of negro farmers and farm owners in South 227
Labor incomes large and small farms 797
Lactation early and late calved heifers 48
Inoculation of legumes, by groups 238
Milk. Time will keep sweet 522
Mortality ratio abstainers and drinkers 596
Negro and white tenancy 237
Nutritive ratios, a breakfast, dinner, supper 235
Parcel post rules 212
Per cent increase time over cash prices 227
Plant diseases and remedies 215
Plant food in 100 pounds feeding material 221
Plant food constituents in manure produced by horses or cattle per 1,000 pounds live weight 400
Plant food constituents and value manure produced by horses, cattle and mules in cotton states 400
Plant foods per acre taken by various crops 534
Planting table for vegetables 214
Rotations, garden planting 242
Rotations, hog pasture crops 242
Rotations, soil building 242
Silage corn, one-year vs. prolific 799
Silo capacity, dimensions acreage 518
South Carolina hog census 690
Tenancy in South. Increase 237
Tenancy in South. White and black 237
Time required digesting important foods 231
Tobacco crop U. S. 239
Weights and measures. Housewife's 231
Weight, height, etc., of baby 238
Weight legume seeds per bushel 238
What South pays for corn, oats, hay and wheat 226
What crops need lime most 223
White and negro tenancy 237
Yields. Oats after velvet beans, cowpeas, crab grass and millet 434
Yields, sorghum hay per acre after crimson clover and crimson clover stubble 434
Tamworth Hogs — Bacon type 431
Tankage—Fertilizer analysis 315
Tax. A direct on the farmer 285
Tax burden. Two ways to lighten 477
Tax. Direct inheritance law in Virginia 439
Taxable or tax free bonds? 295
Taxation—And tenancy 153
Burden of, and what to do about it—The 477
Incomes and inheritances are escaping 17
Just, to decrease tenancy, increase ownership 153

That New Year Meeting..1502
What our locals are doing 1163, 1186, 1216, 1217, ...1245, 1271
What should the Union do in 1917 .....1320, 1321
What the Union is doing..1292
Will Farmers or speculators get the high price?.....1162
With the schools in November, 1292; in December 1430
Farming—A code of good....1489
Fences essential to high type of 899
Good — Impossible without winter cover crops.....1025
Is a man's job..... 854
Farming—Lack of capital defect in Southern.....1075
Farming Methods — Finding excuses for bad..... 933
Farming on Black-Jack or Iredell soils 1323
Farming—One eighth science, seven - eighths common sense 1491
Farming—Southern, seriously under capitalized.....1314
Farming — Successful. Rich land foundation for.....1255
Feathers—Save your.....1497
Federal Farm Loan Association — How to borrow through 877, 964
Board meeting 1208
Federal Land Bank system.. 964
Information about.....1288
Feeds and feeders must come first in livestock production 1409
Feed — Balanced ration. What it is, how obtained...1429
Balanced ration—Table of and of animal needs.....1435
Balancing for hogs. Hogs and scientist agree.....1487
Feed—Buying, to fatten hogs.1099
Feed cows well 962
Feed, food and rich land first 1303
Feeds for hogs 1236
for dairy cows 1443
Tankage and oil meal cheapen cost 1236
for working mules and horses 1443
Feeds—High cost and the remedy 1463
Feed mixtures for dairy cows.1008
Feed—Mixed. Making on the farm 1443
Lack of will make scrubs of pure-breds 1424
Feeds—Proportion grain to milk yield, 3 breeds.....1008
Feeds—Roughness for cattle and idle horses.....1178
Feeds—Saving high-class for dairy and work stock...1178
Feeds—Selling corn to buy shorts for hogs.....1099
Feeding and caring for young mule 975
Feeding and care of the colt..1262
Feeding corn at $1.12 a bushel to hogs. Can we afford 1487
Feeding Crimson clover and rye for egg yields.....1130
Feeding experiments, hardening peanut and soy-bean-fed hogs 882
Feeding green second growth sorghum 1123
Feeding Hogs—Corn in 827
Feeding inquiries 1331
Legumes vs. plowing under 875
Feeding of dairy cows. Summer 1008
Feeding sorghum silage..... 975
Feeding value acorns for hogs 1487
Feeding velvet beans to dairy cattle 1387
Feed values—Cottonseed meal and soy-beans. Relative 851
Clover (Crimson) cowpeas, kudzu vine 1294
Crab grass hay 851
Cut up corn stalks.....1255
Johnson hay 851
Soy beans 851
Meal 851
Timothy hay 851
Food will be high priced. Plant forage crops 1058
Feet of colts—Care of.....1487
Fences, absolutely essential to good farming 899
Fertilizers and lime. Don't mix 1488
Fertilizers—Animal manures. Save this winter.....1227
Fertilizers—Analyses of.....1256
Fertilizer—Bulletin on 884
Buy early 1494
Fertilizers—Commercial. Correct use of 1100
Commercial—Sales 836
Compost—Making 1332
Experiments on tobacco....1325
Fertilizer formulas for cabbage 900
for peanuts 854
for strawberries 1196
Limestone—How fine should be ground? 1387
Materials—Do not mix lime with 1279
Fertilizer—Manure from a mule 876
Manure—Save 1123
Manure the best of all....1331
Manure—Raw rock phosphate 1100
Nitrate of soda for lettuce.1332
Red Devil lye no value—Contains no potash.....1332
Second applications 884
Fertilizer—The best you can buy 956
Fertilizer value, cottonseed meal and soy beans. Relative 851
of cotton seed 1099
of crimson clover 900
Fertilizing grapes 1444
Field peas—Canada 1411
Figs and muscadines for home use 1197
Figs—Best planted in spring.1280
Early producers 1197
Figs—Easy to grow..... 994
Figs in North Carolina.....1000
Figs—Make plans for a few trees 879
Plant 884, 1250
Fig tree—Barren 1100
Varieties 1197
Fish hatcheries 1036
to destroy mosquitoes in ponds 1036
Fire—Babies do not know danger of 1317
Fleas and cats 1124
Florida's varied crops.....1229
Flowers—Wild, common ignorance of 884
Florida—Abruzzi rye promising for 894
Florida—Letters from..1230, 1231
Flower garden—Autumn work.1196
Flower garden—Fall work...1148
in winter 1448
Flowering bulbs—Care and cultivation 1196, 1448
Flower roots, (bulbs)—Keeping 1228
Fodder—Don't pull.....832, 855
Pulling cuts corn yield 15 per cent. 888
Food—Apples as 1215
Food—Keeping cool 1036
Food materials—Their composition. Chart 1210 1211
Food products—Grouped according to uses 839
For no man liveth to himself alone 1475
Forests—Taking care of....1018
For health—Sit and walk erect 917
Formalin for smut in oats..1003
Formula for whitewash.....1285
Free seed distribution.....1010
Freight service for livestock. Better 1218
Fresh vegetables after frosts 1250
From the Master of the National grange..... 952
Fruits and their food value. Table 1211
Fruit in plenty, there is health 1204
Fruit—Planting and growing 1366
Fruit raising—Bulletins on...1199
Fruit, show—How to prepare for exhibition 1152
Fruits, small, in Alabama..1464
Fruit—Spraying insures good.1200
Fruit trees—Don't buy from peddlers 1198
Buy direct from nurseries..1200
Buy only from reliable houses 1235
Cultivating, pruning and spraying 900, 1197, 1198, ...1199, 1200
Plant late in fall.....1280
Pruning young trees.....1203
Time to plant 1124
Shall we buy from agents? 1396
Suggestions for planting in home orchards 1203

G

Game of state abbreviations 1383, 1407
Gapes in poultry—To get rid of 1130
Garden and orchard 831, 856, 879, 938, 994, 1015, 1042, 1052, 1105, 1152, 1200, 1250, 1274, 1282, 1306, 1357, 1366, 1405.....1499
Garden, clean up 1205
Garden—Leaves in 1464
Garden—Autumn flower.....1196
Garden irrigation.....1196
Garden—Farm. Preparation for 1366
Garden in December.....1388
Garden—Insect pests easily killed in fall 1306
Gardens—Little 1282
